Taiwan's Exclusive Two-in-One Fishery Show

With special Focus on Aquaculture **Technology and Seafood Certification**

The Taiwan Int'l Fisheries and Seafood Show (TIFSS), launched in 2015, is an exclusive Taiwanese fishery trade show that gathers representatives from the fishing, aquaculture, and seafood processing, machinery and bio-tech industries. The event is supported by the government, as well as 15 fishery-related associations, and aims to deliver the latest technologies, business and networking opportunities.

Jointly organized by TAITRA (Taiwan External Trade Development Council) and My Exhibition, TIFSS's previous show last November, assembled 161 exhibitors from 18 countries. The show highlighted smart aquaculture, green fish-farming, foreign seafood, and customized seafood process machinery. The show also featured seven national pavilions, youth-aquaculture success stories, seminars on aquaculture trends, one-on-one procurement meetings, an 'Innovation Stage' and seafood cooking classes.

Taiwan's fishery industry has been developing for over a century, where its fishing gear, aquaculture methods, seafood processing capabilities, packing levels and biotech skills are considered unique on a global scale. Taiwan's diversified food appetite and per capital seafood consumption is 1.7 times higher than the world

average, making the island one of Asia's highest potential markets. TIFSS 2018 therefore, welcomed 6,284 domestic and 594 international visitors from 32 countries/regions, including key buyers from Taiwan, Brazil, Qatar, Nicaragua, Bangladesh, UAE, Russia, USA, Hong Kong, Norway, Thailand, Malaysia, The Netherlands, Vietnam, Singapore, Italy, Mexico, Macao, and Romania. TIFSS 2019 will ride this momentum and extend invitations to key buyers from Taiwan, USA, Japan, China, Spain, France, Germany, Italy, Sweden, South Korea, the UK, and more of the world's major fishery nations.

Join us at TIFSS 2019 for Asia's best fishery show. We are gathering top tech, brains and marketing networks, and anticipating more than 6,900 visitors who are eager to embrace Taiwan's vast selection of fishery equipment, aquaculture tech and seafood.
