# Taiwan's Exclusive Fishery and Seafood Show TIFSS 2021 ONLINE-MERGE-OFFLINE

Taiwan Int'l Fisheries and Seafood Show (TIFSS), launched in 2015, is an exclusive Taiwanese fisheries trade show that gathers representatives from the ocean fishery, aquaculture, seafood processing and fishing tackle industry. With aquatic technology and seafood industry advantages in Taiwan, the show aims to deliver the latest technology, business and networking opportunities for all participants.

For the first time ever, TIFSS 2021 will take place both physically and virtually, where exhibitors can still meet and get business done with professional buyers around the globe without the limitations of time or geographical borders. Moreover, the organizers will hold a wide range of events including international forum, one-on-one procurement meetings, and new product launch with livestream broadcast for the exhibitors and buyers to tap into the business opportunities.

During the global pandemic in 2020, the TIFSS became one of the few physical fishery B2B trade shows in the world to be held as scheduled. Due to accumulated industrial energy and the support of key industry players, the show still attracted 90 exhibitors from 11 countries and nearly 5,000 online and offline buyers from over 10 countries.

#### What you can expect from TIFSS 2021
