The main image features a virtual reality scene with a hot air balloon and various ICT-related icons like "Electrical & Electronics", "Sound Innovations - Taiwan Carol", and "Construction Equipment".

ICT Virtual Pavilion

ICT Industry Overview
While many of the global industries have been stagnated by the COVID-19 pandemic, the information and communication technology (ICT) sector sees an early sign of rebounding due to the increase of new technology adoptions. During the past two years, digital workflow and automation has become the standard for many businesses and will ultimately be a key driver in the growth of the ICT industry in the New Normal.

Taiwan Export Processing Zones Ride E-Commerce Wave with Taiwantrade.com

ACCESSWIRE • June 3, 2020

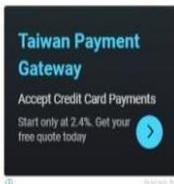

TAIWAN / ACCESSWIRE / June 3, 2020 / The Export Processing Zones (EPZs) have played a vital role in Taiwan's economic development since its first inception in 1966 - the first free special zone combining free trade and industrial zone in the world. Due to their prime locations, land, administration, facilities, customs and tax, EPZs have helped to create a series of economic miracles in Taiwan.

Industries within EPZs cover various fields and boast various companies with great development potential and international competitiveness. Followings are some companies in Taiwan EPZs that provide high-quality products and earn growing recognition.

Starting from remanufacturing and rebuilding the used chassis parts, Great Auto Parts (GAP) inherits 30+ years of CNC machining and assembly experience in suspension and steering parts from family. Considering business expanding and long term strategy, GAP was reengineering and established in 2005. GAP is known for its all Stud / Ball Rod / Ball Pin / Pillow ball, and Housing components used in automobiles steering and suspension systems. This includes Tie Rod Ends, Ball Joints, Stabilizer Links, Control Arms, Drag Links, Idler Arms, bushings and numerous other chassis parts used in automobiles. GPA also has assembly lines for those parts and sales worldwide.

GAP focuses on producing customer design products (ODM / OEM). Small quantities and special design machining parts are very welcome. GPA's main customers are world leading aftermarket manufacturers worldwide.

Taiwantrade.com showcases popular Taiwanese food, beverage, and pineapple products

Taiwantrade.com

1 July 2021 - 1:00m read

SINGAPORE - Media OutReach - 1 July 2021 - Taiwantrade.com is showcasing a popular range of Taiwanese foods, beverages, and pineapple products for buyers in Southeast Asia starting 29 June through to 29 July. Among the featured products will be plant-based meats, Asian style sauces, bubble tea ingredients, and an assortment of pineapples snacks and drinks.

With the ongoing pandemic and cities under lockdown, the showcase offers a great variety of food and beverage ideas for home cooking. For example, the canned plant-based offers from CHEN SHIN FOOD include mock chicken and braised tofu for vegan cooking. LI CHENG BIOLOGICAL supplies DIY bubble tea kits that include all the necessities to make a cup of delicious bubble tea in just 3 minutes. JIN HONG SUGAR is the expert of flavorful sugars. Add some Taiwan dark brown sugar or white gourd tea brick into boiled water to create a pot of sweet drink instantly. The BBQ tomato flavored potato strip chips and pepper squid chips from KAKA FOOD are also highly popular. In addition to chips, the iconic Taiwan fresh pineapple or pineapple cakes are among the favorites of foodies worldwide. This incredible lineup of offers and more are available for buyers right now on pineapple.taiwantrade.com.

Benefiting from the years of exporting experience and an advanced agri-tech sector, Taiwan fruit traders can supply fresh pineapples to multiple countries, including Singapore, Canada, Japan, and Australia. The most popular Taiwan pineapple in the world market is the Gold Diamond variety, also known as the Taiwan No. 12.

Taiwantrade.com is home to over 70,000 excellent Taiwanese suppliers offering 660,000 product catalogs.
